Security

Security plan

One server will be checking identifications to verify attendees are over the age of 21 (a valid Texas identification, or students who have an out-of-state identification with an Owl sticker), and will distribute wristbands to those attendees. The other server will stand by the alcohol and will only serve those who have wristbands and over-21 (with a valid Texas identification or out-of-state identification with an Owl sticker) at point of service. Two security members (Joey Tanner and Danny Gladstone) will be standing by the alcohol to ensure that only those of age and with wristbands are drinking alcohol. The servers will serve the beer in clear plastic cups, and a maximum of one drink will be served to each 21+ person. The alcohol will be kept behind a table with the security members present. This will ensure that it is kept separate from other general attendees.

Students who are under the age of 21 or who do not have proper identification with an Owl sticker will not get a wristband or an alcoholic beverage. In addition to this, the two student security volunteers will monitor the event to make sure no underage students are drinking and that students of age are not giving wristbands or alcohol to minors. These security volunteers will ensure that alcoholic drinks do not leave the event and that students of age do not consume too much alcohol. Besides the students, our RAs and Master will be present to oversee the student alcohol use. Lastly, if someone is violating the alcohol policy, we will immediately contact our chief justice, or one of his appointed associate justices on call for the day, and escorted out of the event and not allowed back into the event and the CJ and/or AJ will handle the situation in the way they were trained. Intoxicated attendees will be refused service and security members will refer them to REMS.
